than with a standard modem. All you need is the speed of DSL.

No dial up and waiting to get online. Surf the Web, plus talk on the phone at the same time.

Your Internet connection is always on. Access to any site is almost instant. Files that typically take minutes to download are complete in seconds. **Get it all with high speed Internet access from Qwest.**

Not all Qwest Service Offices are DSL-equipped; availability also depends on your distance from the Service Office and technical phone line qualifications. Activation, modem, telephone line and Internet Access Provider costs are additional. Actual speeds may vary.

SOME THINGS ARE MEANT TO BE CLOSED

YOUR MIND ISN'T ONE OF THEM.

For decades, MDA has shown how valuable people with disabilities are to society. We believe talent, ability and desire are more important than strength of a person's muscles. The one barrier these people can't overcome is a closed mind. Keep yours open.
